change the balance of power in our relationship

I want to know what happened to Roy Forte's body after the fire in Mickle last spring.

According to the  
laws of Earthside,

the festival is held  
according to the traditions  
of the rest of Ios.

If the deceased has no living relatives, the regional magistrate administers the funeral according to the local traditions.

The bodies of Roy Forte and his daughter were incinerated beyond retrieval; a gravestone was set up in a public graveyard for them.

The villagers cleaned up the house and took care of the everything else...

Here, this is a document concerning these matters addressed to Professor Ross. Look it over yourself!

She seems content.

Well, if a single piece of paper can buy her cooperation, it's a cheap price to pay.

Is that all?

I told you before.  
I'm going to get rid  
of the parasitoid,  
that is to say, I'm going  
to kill the king.

What're you  
planning to do with  
the Dragon's power?  
What's your objective?

Why?

The reason is inconsequential

What about Kairak...

No, I don't need to ask that.

Even if he is separated from his Kiyomas, Kairak is still a Dragon.

And there are few places capable of restraining or incapacitating a Dragon.

I just need to remove this inhibiting collar somehow.

I know that you want to be able to control the Dragon's power...

Ms. Kame taught me how to use the Dragon's power and I have used it to aid others before

But, in order for me to do so

you must remove  
this collar

I can't

Didn't I tell you  
that strength isn't  
something I need?

Then I'll return the  
Dragon Pearl to him.

...Return it?

You know this  
isn't my power,

SSHHH

ANGA

When my light withers,

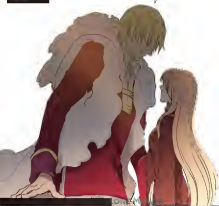

this power will  
return to its owner,

Are you

threatening me?

When you said you  
wanted to speak to me, this  
what you wanted to say?

Wait,

why is this  
irritating me?

If she doesn't listen  
I can make her listen

She's acting as  
though she doesn't  
value her life

So, why am I incensed  
by what she said?

Oh my child.

PA  
RAK  
!

this sort of dango road  
forces you to swallow.

Well, she's still young and I heard that you need to back off

Did the prince said something like that, did he?

He always know how to win the ladies

She must be something special if he won't even let her be seen.

Just once, I'd like to see his arrogant man pleading for a lady's attention.

You don't seem to be getting in the food service? Should you like not to make you something else?

CLACK

What's the status of the capital?

Hall has collapsed,  
the destruction has reached  
the city's epicenter.

And the rumour  
is that the king has  
departed to Yatsuray to  
recover his health.

He must've been  
alarmed, what with  
Prince Kishout being  
there when the  
disaster struck.

And weren't there  
a few others there -  
on vacation?

They returned  
safely, thankfully.

That's it, right?

The "mountain mountains"  
that destroyed the capital.

It's been impossible  
since the attack.

Though it is  
visible from here.

It's beyond the  
Corpses of Misting.

No one has managed  
to travel through there;  
not only can light not  
penetrate through there,  
but it's filled with  
black magic beasts.

All attempts  
to enter have  
only resulted  
in casualties.

Then how did anyone  
pass through before?
